Artists' newsletter

Turin, 15th of nov. 1995

Dear Mr Roses Bou,

we are pleased to inform you that after a long period of preparation and compilation, the WELTANSCHAUUNG project planisphere is almost complete with over 90 contributions from more than 40 different countries all over the world (see enclosed list).

The project will have its world preview at the UNESCO International Seminar: "Art: tolerance and intolerance", which will be held in Venice, Italy, on the 15th and 16th of December 1995.

In the autumn of 1996, the planisphere will set off on its journey around the world, starting from Italy and Germany. By that time, we should have published a volume that includes reproductions of all the works created by the various artists and the different materials that have been gathered together and worked on within the WELTANSCHAUUNG project.

As soon as possible, we will let you know exactly when and where the planisphere will be on exhibition.

Thank you once again for your very valuable participation,

Yours sincerely
